6.8 Increase or Decrease in Premium: No increase or decrease in premium is allowed under this plan.

6.9 Portfolio Strategies: A choice of two asset allocation strategies is available to you viz Trigger Portfolio Strategy and Fixed Portfolio Strategy. **a. Trigger Portfolio Strategy:** Under this strategy, your investments will initially be distributed between two Funds - Multi Cap Growth Fund, an equity oriented Fund, and Income Fund, a debt oriented Fund - in a 75%:25% proportion. This allocation may subsequently change on account of market

movements. We will re-balance the Funds in the portfolio on the occurrence of the trigger event. Working of the strategy: **a.** A trigger event is defined as a 15% upward or downward movement in NAV of Multi Cap Growth Fund, since the previous rebalancing. For determining the first trigger event, the movement of 15% in NAV of Multi Cap Growth Fund will be measured vis-à-vis the NAV as on the date of allocation of units at the inception of your Policy.

b. On the occurrence of the trigger event, any value of units in Multi Cap Growth Fund which is in excess of three times the value of units in Income Fund is considered as gains and is transferred to the liquid Fund - Money Market Fund - by redemption of appropriate units from Multi Cap Growth Fund. This ensures that such gains are capitalized and protected from future equity market fluctuations, while maintaining the asset allocation between Multi Cap Growth Fund and Income Fund in the proportion of 75%:25%. **c.** In case there are no such gains, Units in Multi Cap Growth Fund and Income Fund are redistributed in the proportion of 75%:25% without any transfer to or from Money Market Fund. **b. Fixed Portfolio Strategy:** Under this, you have the option to choose among the Funds as outlined in Clause 5. You shall specify the Fund(s) and the proportion in which the premiums and any existing Fund Value are to be invested in the chosen Fund(s) at the inception of the Policy or at the time of change to the Fixed Portfolio Strategy from the Trigger Portfolio Strategy, as the case may be. You may have your funds in only one of the Portfolio strategies. However, if you have any monies in Return Guarantee Fund (RGF) under Fixed Portfolio Strategy, you have the option to invest your subsequent premiums, if any, in the Trigger Portfolio Strategy. You will also have the option to retain your monies in RGF if you choose to move out of the Fixed Portfolio strategy.

6.10 Change in Portfolio Strategy (CIPS): You have the flexibility to switch your portfolio between the Trigger Portfolio Strategy and the Fixed Portfolio Strategy. This option can be exercised only once every policy year and it shall be free of charge. On moving from the Fixed Portfolio Strategy to the Trigger Portfolio Strategy, the existing Policyholder's funds as well as future premiums will be allocated between Multi Cap Growth Fund and Income Fund as per the Trigger schedule mentioned earlier in Clause 6.9 (a). On moving from Trigger Portfolio Strategy to Fixed Portfolio Strategy, you must specify the proportions among the choice of eight funds available in which your existing funds and future premiums should be invested in Clause 6.9 (b).

6.11 Automatic Transfer Strategy: **a.** This option is available only with Fixed Portfolio Strategy. **b.** You may opt for an automatic monthly transfer of a pre-defined amount from your investments in the Money Market Fund, into any one of the equity Funds available under the policy (namely Bluechip Fund, Multi Cap Growth Fund, and Opportunities Fund). **c.** You may opt for a transfer date of either 1st or 15th of every month. **d.** If the 1st or 15th of the month is a non-valuation date then the next working day's NAV will be applicable. **e.** If you have not specified the transfer date, then the transfer will occur on the 1st of every month. **f.** At the time of transfer, the required number of units will be redeemed from Money Market Fund, at the applicable NAV and new units will be created in the chosen destination Fund. **g.** The minimum transfer amount is Rs. 2,000. This value is subject to change from time to time as per rules of the Company and subject to prior approval of the Regulator from time to time. **h.** The Automatic Transfer Strategy will be regularly processed till you notify us to discontinue it through a written communication. **i.** The Automatic Transfer Strategy will not be applicable if the source Fund Value is less than the amount nominated for transfer.

6.12 Premium Redirection: **i.** This feature will be available only with Fixed Portfolio Strategy. **ii.** You will have an option to specify the funds and the proportion in which the premiums are to be invested in the funds at the inception of the Policy. At the time of subsequent premiums, you may change the proportion in which the said premiums are to be invested. Once opted for, this fund allocation will apply for all subsequent premiums. **iii.** This option is available without any charge and it will not be counted as a switch. **iv.** However, RGF is not available as one of the funds for premium redirection. Money can be invested in RGF by means of a switch at a time that a tranche is open for subscription.

6.13 Settlement Option: This means an option available to you to receive the maturity benefit as a structured payout over a period of up to 5 years after maturity, subject to the following conditions: **i.** During this period the money remains invested in the respective funds and the investment risk in investment portfolio is borne by you. **ii.** You must inform us of this option at least one month prior to the Date of Maturity. **iii.** The Life Insurance Cover, all other benefits and rider benefits, if any, shall cease on the original Date of Maturity. No other options or transactions shall be allowed during this period. **iv.** Only the Fund Management Charges shall be levied during the Settlement period. **v.** You can choose to receive the payments in the form of monthly (only through electronic transfer), quarterly, half yearly or annual instalments spread over a period of up to five years from the Date of Maturity. The payment of instalments will be made in advance. **vi.** The available number of units under the Policy shall be divided by the residual number of instalments to arrive at number of units for each instalment. Further, in case of investment in more than one Fund, the number of units to be withdrawn shall be in the same proportion as the units held at the time of payment of each instalment. The value of payments will depend on the number of units and the respective fund NAV's as on the date of each payment. **vii.** No Premium Payment, Partial Withdrawal, Switch and CIPS will be allowed during this period. **viii.** The remaining Fund Value shall become payable at once in the event of death of the Life Assured during the Settlement Period. **ix.** You have the option to take the remaining Fund Value as lumpsum payment any time during the Settlement period. The policy shall terminate on this payment.

7. Applicability of NAV: **i.** The allocation and redemption of units for various transactions would be at the NAV as described below

9. General Conditions

9.1 Legislative Changes: This Policy including the premiums and the benefits under the Policy will be subject to the taxes and other statutory levies as may be applicable from time to time. You shall be required to pay Service tax, education cess or any other form of taxes or charges or levies as per prevailing laws and regulations, wherever applicable. These will be deducted by redemption of units, wherever applicable. All benefits payable under the Policy are subject to the tax laws and other financial enactments as they exist from time to time. All provisions stated in this Policy are subject to the current guidelines issued by the Regulator as on date. All future guidelines that may be issued by the Regulator from time to time will also be applicable to this Policy.

9.2 Force Majeure: a. We may, in the general interest of the holders of unit linked policies and keeping in view unforeseen circumstances or unusual market conditions, limit the total number of Units withdrawn on any day to 5% of the total number of Units then outstanding. b. In exceptional circumstances such as unusually high volume of sale of investments within a short period, exceptional redemption, market conditions or political or economic Force Majeure, we may, at our sole discretion, defer the partial withdrawal of Units and the Surrender of the Policy for a period not exceeding one month from the date of receipt of application. c. If the performance by the Company of any of its obligations herein shall be in any way prevented or hindered in consequence of any act of God or State, Strike, Lock out, Legislation or restriction of any Government or other authority or on account of market conditions or political or economic "Force Majeure" conditions, the performance of this contract shall be wholly or partially suspended during the continuance of the contract. d. **Force Majeure consists of:** i) When one or more stock exchanges which provide a basis for valuation for a substantial portion of the assets of the Fund are closed otherwise than for ordinary holidays, or when the corporate office is closed other than for ordinary circumstances ii) When, as a result of political, economic, monetary or any circumstances out of our control, the disposal of the assets of the unit Fund are not reasonable or would not reasonably be practicable without being detrimental to the interests of the remaining unit holders. iii) During periods of extreme volatility of markets during which surrenders and switches would, in our opinion, be detrimental to the interests of the existing unit holders of the Fund. iv) In the case of natural calamities, strikes, war, civil unrest, riots and bandhs v) In the event of any disaster that affects our normal functioning vi) If so directed by Regulator

9.3 Age: i. We have calculated the Mortality charges on the basis of the age of the Life Assured as declared in the Proposal. In case you have not provided proof of age of the Life Assured with the proposal, you shall furnish such proof of age of the Life Assured as is acceptable to us and have the age admitted. ii. In the event the age so admitted (the "correct age") during the Policy term is found to be different from the age declared in the Proposal, without prejudice to our rights and remedies including those under the Insurance Act, 1938, we shall take one of the following actions: a. If the correct age of the Life Assured makes him ineligible for this policy, we shall offer a suitable plan as per our underwriting norms. If you do not wish to opt for altered Plan or if it is not possible for us to grant any other Plan, the Policy shall stand cancelled from the date of issue and the Surrender Value shall be returned. b. If the correct age of the Life Assured is found to be higher than the age declared in the Proposal, we shall evaluate the case as per our underwriting norms. If the Life Assured is found insurable the revised mortality charges as per the correct age will be recovered from the next Policy anniversary date. Where the Life Assured is not found insurable, we would pay the Fund Value less Premium Discontinuation Charge and terminate the Policy. c. If the correct age of the Life Assured is found to be lower than the age declared in the Proposal, we shall evaluate the case as per our underwriting norms. If the Life Assured is found insurable the revised mortality charges as per the correct age will be charged from the next Policy anniversary date. Where the Life Assured is not found insurable, we would pay the Fund Value less Premium Discontinuation Charge and terminate the Policy. For the purpose of a, b and c clauses, the Fund Value less Premium Discontinuation Charge shall be calculated by using the NAV of the date of cancellation or termination of the Policy.

9.4 Assignment and Nomination: i. An assignment of this Policy may be made by an endorsement upon the Policy itself or by a separate instrument signed in either case by the assignor specifically stating the fact of assignment and duly attested. The Life Assured, where he is the holder of the Policy, may, at any time during the tenure of the Policy, make a nomination for the purpose of payment of the monies secured by the Policy in the event of his death. Where the nominee is a minor, the Life Assured may also appoint a person to receive the money during the minority of the nominee. Nomination may be made by an endorsement on the Policy and by communicating it in writing to the Company. Any change of nomination, which may be effected before the termination of the Policy shall also be communicated to the Company. Section 39 of the Insurance Act, 1938 may be referred to for complete provision. The Company does not express itself upon the validity or accept any responsibility on the assignment or nomination in recording the assignment or registering the nomination or change in nomination.
